

Vietnam Housewares Corporation

Ms.Ngoc Anh - Sale Executive of GCS was attentive and timely assistance - utilizing the full potential of each application, Google Workspace has enabled Vietnam Housewares Corp. employees to handle daily obstacles more quickly.

The challenge

Vietnam Housewares Corp sells their products in many markets and cooperates with foreign marketplaces. The dynamics of their business require rapid implementation of new tools and integrations. They needed an email solution with a short operation timespan that would allow them to quickly deploy corporate email and share files without spending extra money on licenses and expensive infrastructure.

The solution

Business email is a vital channel for Vietnam Housewares Corp, official communication with clients, contractors and colleagues. With using Google Meet any written conversation can be continued in a video conferencing room with a single click, making remote internal communication much easier. Enable many files to incorporate advanced formulas and automation to be created quickly with Google Sheets.

The results

Vietnam Housewares Corp. employees love the fact that Google apps are accessible from anywhere in the world as soon as they log into their accounts, thanks to a simple menu for selecting apps. They also make it easy to communicate, organize meetings, do day-to-day work in documents and spreadsheets, as well as store and share data with colleagues.

“ From the beginning, the collaboration with GCS has been really professional. We can always rely on complete assistance and professional advice on how to properly use the tools and their advanced features ”
