

## SRG | GCP Cloud Managed Services

Searce is one of the top-tier partners in the Google Cloud Partner Program. Premier Partners can offer managed services where they help customers design, implement, and manage their infrastructure on GCP.

### The challenge

Success Resource's GCP environment presented a number of difficulties, including the need for compliance security improvements, effective resource monitoring and alerting, automated backups for Cloud SQL, and the avoidance of unplanned application outages brought on by package upgrades.

### The solution

"Cost savings: Searce helped SRG save a remarkable 74% on their cloud computing costs by carefully analyzing their infrastructure, CPU and RAM usage, and usage patterns. Searce developed a strategic plan that recommended purchasing Committed Use Discounts (CUDs).

### The result

There was enhanced security and compliance, operational efficiency, data integrity, reduced downtime risk as well as better infrastructure alerting and monitoring.

"Through the strategic partnership with Searce, SRG successfully transformed its GCP infrastructure, reaping the benefits of enhanced security, operational efficiency, and overall reliability. The comprehensive solutions implemented by Searce enabled Success Resource Group to proactively address challenges and position itself for sustained growth and innovation within its technology landscape."
