DELIGHT YOUR PATIENTS, GROW YOUR PRACTICE

Make your practice more efficient, profitable and modern with the most comprehensive patient experience management platform

Today's patients increasingly approach healthcare decisions with consumer expectations. They expect a modern experience with user-friendly design, online tools for ongoing engagement and convenient payment options. Breeze revolutionizes the way patients and providers engage across the entire care cycle - making every interaction easier than ever.

Improve Efficiency

Save 10-15min per new patient thanks to electronic intake forms and pre-registration. Get patient payments automatically posted to your PM, and their intake details imported into your EHR. Reduce no-shows and streamline the front office, so staff focus on valuable activities.

Increase Profitability

Paying balances is easier than ever thanks to multiple payment options and payment plans. Real-time eligibility verification and lack of transcription errors means faster reimbursement, and super simple retail/eCommerce capabilities opens up new revenue opportunities.

Modernize Your Practice

Make your patient experience seamless, modern, and pain-free with the only fully-integrated solution across mobile, web, and in your practice. Gain access to an app marketplace with over 300 additional capabilities like timesheets, loyalty, e-mail marketing, and more.

“With Breeze in place we saw a 25 minute check-in process go down to 5-7 minutes for new patients, and as little as 2 minutes for existing ones.”

-Dr. Glass, South Georgia Primary Care
