

Mrs. T's Pierogies

The multi-phased project saw Rackspace and Mrs. T's successfully migrate to the Google Cloud Platform (GCP).

The challenge

Facing an SAP-mandated move of its current ERP platform to SAP S/4HANA, Mrs. T's needed a skilled and experienced partner that could move it to Google Cloud with minimal downtime and no negative impacts to its business.

The solution

Business/IT Transformation; Managed Public Cloud — Google Cloud Platform; Rackspace Professional Services Migration Services; Rackspace Application Services — SAP S/4HANA; Managed Storage — Rackspace Disaster Recovery Service

The results

The multi-phased project saw Rackspace and Mrs. T's successfully migrate to the Google Cloud Platform (GCP), help Mrs. T's modernize its sales forecasting capabilities, and accelerate batch transactions and on-screen end-user transactions by up to 60%. All accomplished with minimal downtime and zero disruptions!

“Rackspace Technology was a one-stop shop. A single pane of glass. It made more sense to have one partner that could do everything.”

Timothy Coyle, Director of Information Systems & Technology, Mrs. T's Pierogies

About Ateeco, Inc.

Founded in 1952, Mrs. T's Pierogies is the leading manufacturer of frozen pierogies in the United States. What started out in the Twardzik family kitchen in Shenandoah, PA, turned into a brand that is loved across the country with the company now producing over 650 million pierogies a year.

Industry: Food, Beverage & Restaurants

Primary project location: United States
